

# Dincho Atanasov

## DEVELOPER

### Summary

Dynamic and results-driven professional with a proactive, can-do attitude and a keen eye for detail. A self-taught programmer with a passion for technology, I have honed my skills independently, demonstrating adaptability and a commitment to continuous learning. Known for my exceptional organizational abilities, I approach each task with precision and determination, tackling challenges head-on. I thrive in fast-paced environments and am eager to bring my self-motivation, problem-solving mindset, and technical skills to new and evolving projects

### Programming Experience

- 2019 - Present **Haemimont AD / Oblak.bg**  
*Frontend developer, Sofia*  
Developed and maintained dynamic web applications using React, TypeScript, Redux, and Saga.
